

# UNIQUE

## Software Engineer, Backend

80-100%, as soon as possible, based in Switzerland

We are seeking a highly skilled Senior Backend Engineer with a keen interest in Generative AI solutions and a strong passion for software architecture and development. In this role, you will contribute to the advancement of our FinanceGPT solution, a cutting-edge tool designed to enhance operational efficiencies for top-tier companies in the Financial Services Industry (FSI). This position offers the opportunity to work at the forefront of technological innovation and directly impact the future of financial technologies.

This position is based in Zurich and requires you to have a valid work permit in Switzerland.

### What you need to succeed:

- 5+ years of experience with NodeJS, preferably NestJS as well as familiar with RESTful APIs, CI/CD (GitHub Actions, Docker, Kubernetes), and database management (PostgreSQL)
- Skilled in building high-performance applications, managing microservices, and database optimization
- Strong problem-solving skills and experience working in collaborative team environments (engaging in code reviews and design discussions)
- Comfortable in handling customers from the financial industry to resolve issues and dedicated to monitoring product development from concept to deployment
- Fluent in English; proficiency in German is a plus

### What we offer:

- The opportunity to work on innovative projects in the Gen AI space
- State-of-the-art tech stack running on Azure
- A chance to be part of a leading company in a rapidly evolving industry
- A modern company with flat hierarchies that focuses on a people-oriented culture
- A remote work environment that values independence and creativity
- Great colleagues
- Emphasis on transparency and open communication

### Who We Are

We at Unique build a highly secure generative AI platform called Unique FinanceGPT, which is specially designed for the finance sector. It uses GPT technology to automate a variety of tasks and reduce manual workload, thus, enhancing productivity. Our vision is to be the easiest and most inspiring way for businesses to connect, negotiate and partner.

### How To Apply

Are you interested in becoming part of our unique team? Please apply by sending your CV and the link to your LinkedIn profile or send us your questions to [career@unique.ch](mailto:career@unique.ch)

**We're looking forward to getting to know you!**
