

UNIQUE

Business Analyst Compliance, 20% (Working Student)

20%, as soon as possible, based in Zurich

We are looking for a highly motivated and detail-oriented individual to join our Data & Compliance team. As a Working Student Business Analyst Compliance, you will support the rollout, implementation and continuous improvement of an enterprise-wide cybersecurity and compliance strategy across our company of approximately 40 employees. In addition, you will actively track and monitor cybersecurity news, developments, and industry standards as well as customer requirements and will incorporate these into the cybersecurity strategy, such as GDPR, DPA and the EU AI Act., as well as plan appropriate training internally.

What you need to succeed:

- Excellent communication and interpersonal skills
- Ability to work independently and as part of a team
- The ability to explain complex issues in a simple and understandable way
- Strong analytics and problem-solving skills
- English is a must (professional level), German a big plus
- Currently enrolled in a Bachelor's or Master's degree program in Banking & Finance, Computer Science, Information Technology, or related field.

What we offer:

-  A modern company with flat hierarchies that focuses on a people-oriented culture
-  Flexible working hours and locations (remote culture)
-  Supportive, collaborative, and family-friendly work environment
-  Emphasis on transparency and open communication
-  Great colleagues
-  Dog friendly central office in the heart of Zurich

Who We Are

We at Unique build a highly secure generative AI platform called Unique FinanceGPT, which is specially designed for the finance sector. It uses GPT technology to automate a variety of tasks and reduce manual workload, thus, enhancing productivity. Our vision is to be the easiest and most inspiring way for businesses to connect, negotiate and partner.
